

KNOW THE COMFORT THEY'RE GETTING

The effortless technology of the SleepIQ Kids bed system tracks breathing, heart rate and movement, and then assigns a sleep quality score for each night's sleep. The next morning, check out the sleep dashboard to see how sports, studies, stress or late night snacks make a difference in your kiddo's snoozing.

FAMILY CONNECTED, SLEEP PERFECTED

The SleepIQ® technology sleep dashboard shows you how the whole family is sleeping.

THE ONLY BED THAT GROWS WITH THEM

The bed adjusts and grows with them. Kids can change the firmness of their bed so it's always comfortable and supportive—even when they grow 4 inches overnight.

LIFTS THEM UP WHEN THEY'RE DOWN

Read in bed comfortably or get relief from stuffy heads with a unique head-tilt feature.

NO MORE KIDDOS JUMPING OUT OF BED

Alerts you when your child gets out of bed or is restless.

SMART BEDDING FOR SMART KIDS

Sleep Number Kids™ bedding features epic new ways to keep them tucked in and snug. With pillows, sheets, blankets and more, our exclusive kids bedding comes in colors they'll love.
